## About Séché Environnement

*Séché Environnement is one of the leading players in the treatment and storage of all types of non-radioactive industrial and household waste in France. Its facilities enable it to offer high-quality global solutions that incorporate all environmental requirements.*

*It is the leading independent operator in the country with a unique positioning in activities downstream of waste collection, concentrating on the higher added-value end of the waste management and storage markets.*

*The Group offers integrated specialized services:*

- *the treatment (by incineration, physical-chemical treatment and solvent regeneration) and processing for energy recovery of hazardous and non-hazardous industrial waste (HIW and NHIW);*
- *final waste storage for industrial clients (HIW or NHIW) and household waste (HW).*

*Séché Environnement has been quoted on Eurolist (compartment B) by Euronext since November 27, 1997.*
