

Press Release

Changé, April 24, 2008

Strong activity in the first quarter: revenue up 6%

- Hazardous Waste: dynamism confirmed
- Non-Hazardous Waste: progression in line with expectations
- Annual revenue growth targets confirmed: around +7% in 2008

With revenue of EUR 91.3 million at March 31, 2008 compared to EUR 86.5 million one year earlier (proforma data), Séché Environnement is maintaining a growth rate in line with targets.

Activity over the quarter was driven by all businesses, and underpinned by growth in waste recovery.

- Hazardous Waste activities confirmed their dynamic, particularly in France in the treatment and recovery of industrial waste businesses.
- Non-Hazardous Waste activities progressed and were driven by a continuing growth market and underpinned by waste recovery businesses.

International activities maintained within the Group's consolidation scope also confirmed their return to buoyant growth, posting a 7.4% increase in revenue to EUR 5.6 million versus EUR 5.2 million one year earlier (proforma data).

These strong trends reinforced Séché Environnement's consolidated revenue growth target of around 7% in 2008.

Consolidated data (under IFRS)

As at March 31 (EUR m)	2007 reported data	2007 restated ¹	2007 proforma	2008	2008/2007 proforma change
Hazardous Waste	54.6	61.8	60.4	63.7	+5.6%
Non-Hazardous Waste	21.3	26.1	26.1	27.6	+5.8%
Upstream activities	11.9	-	-	-	-
Consolidated revenue	87.9	87.9	86.5	91.3	+5.7%

Consolidated revenue on a proforma basis and at constant exchange rates stood at EUR 86.4 million at March 31, 2007.

¹ Figures for 2007 were restated in order to bring them into line with the presentation method used for revenue as of 2008. This new presentation consists in dividing the revenue booked up to 2007 under "Upstream activities" (advisory services, cross-business activities, decontamination, etc.) according to the contribution to revenue of each Waste business.

Calendar:

Release of consolidated revenue figures as at June 30, 2008 on July 24, 2008 (after hours)

About Séché Environnement

Séché Environnement is one of the leading players in the treatment and storage of all types of non-radioactive industrial and household waste in France. Its facilities enable it to offer high-quality global solutions that incorporate all environmental requirements.

It is the leading independent operator in the country with a unique positioning, concentrating on the higher added-value end of the waste management and storage markets.

The Group offers integrated specialized services:

- the treatment (by incineration, physical-chemical treatment and solvent regeneration) and processing for energy recovery of hazardous and non-hazardous waste (HW and NHW);
- storage for ultimate hazardous or non hazardous waste (HW or NHW).

In April 2007, **Séché Environnement** acquired a 33% stake in Saur Group, the No. 3 player in the Water and Environmental Services sector in France.

Séché Environnement has been listed on the Second Marché of Euronext Paris since November 27, 1997. In 2008, the stock was admitted to Compartment A of Eurolist and is also eligible to OSRD.
